BERLIN SOLEMNLY WELCOMES PRUSSIAN GUARD'S REMNANTS

COPENHAGEN, Dec. 12.—Berlin's welcome to the Prussian Guard Tuesday was solemn rather than triumphant, according to Berlin advices received here.

It was generally observed the troops marched under the German national colors and that the bands played "Deutschland über Alles" and not revolutionary airs.

Brandenburg gate and the streets through which the soldiers marched were decorated with evergreens and flags. The officers and men were decorated with national rosettes of flowers and wore their iron crosses. The soldiers in the procession participated in the last battle of the war and suffered tremendous losses, some detachments being reduced to almost the vanishing point. It is said. The ranks, however, were filled with men from other detachments.

Owing to the fact that no steps to control traffic had been taken, many persons were injured when the van-guard of the troops passed through Brandenburg gate. The throngs for a time completely arrested the parade and force had to be used to open a passage for the soldiers.

Friedrich Ebert, the premier, welcomed the soldiers. He declared, it is said, that a new government had been established in Germany and that the army would be its strongest support. In behalf of a permanent republic he pledged to the effect that the watchword now must be "peace." He said that the soldiers desired the convening of the national assembly at the earliest moment and did not want to be led away from the secure path of quiet and order by Dr. Karl Liebknecht and "other dreamers."

SIX KILLED, 30 INJURED BY EXPLOSION ON U. S. WARSHIP

WASHINGTON, Dec. 12.—Six men of the crew of the armored cruiser Brooklyn were killed and 30 others injured when an explosion of coal dust aboard the vessel last Monday at Yokohama, Japan, where she was coaling. The explosion was so violent that it caused a dispatch from the commanding officer of the Asiatic fleet, of which the Brooklyn was flagship. The dead are:

CHIEF WATER TENDER WM. B. REDMOND, Redbank, N. J.; FIREMAN JOHN W. SHAW, Thompson, Ohio; FIREMAN WANE M. JOHNSON, Portland, N. M.; FIREMAN ROSCOE W. MORRIS, Houston, Tex.; FIREMAN HOMER SHELDON, Comstock, Cal.; FIREMAN THEODORE T. SHEVIN, Shoshone, Idaho.

The men injured include: Ernest L. Dunlap, Bart, Tex.; Alvin L. Greer, Santa, La. The navy department's announcement said the Brooklyn was not damaged and that a court of inquiry had been called to investigate the explosion, which was in several compartments on the berth deck and in the ship's bunkers. No cause was assigned. One of the men was killed outright, while the other five died of their injuries. The Brooklyn had been stationed at Vladivostok since the American expeditionary force landed there. She was the flagship of Rear Admiral Schley at the battle of Santiago in 1898 and is one of the most famous ships in the navy.

Ends Stubborn Coughs in a Hurry

For real effectiveness, this old home remedy has no equal. Easily and cheaply prepared.

You'll never know how quickly a bad cough can be conquered, until you try this famous old home remedy. Anyone who has coughed all day and all night, will say that the immediate relief given is almost like magic. It is very easily prepared, and really there is nothing better for coughs. Into a pint bottle, put 2½ ounces of Pinex; then add plain granulated sugar syrup to make a full pint. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, the full pint serves about two-thirds of the money usually spent for cough preparations, and gives you a more positive, effective remedy. It loosens a dry, tight cough and soon you will notice the phlegm thin out and then disappear altogether. A day's use will usually break up an ordinary throat or chest cold, and it is also splendid for bronchitis, croup, whooping cough, and bronchial asthma. Pinex is a most valuable concentrated compound of genuine Norway pine extract, the most reliable remedy for throat and chest ailments.

To avoid disappointment, ask your druggist for "2½ ounces of Pinex" with directions and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

CLEMENCEAU SAYS IDEAL IS REACHED

Tells French Deputies Life's
Ambition Was to Free
Alsace-Lorraine.

PARIS, Dec. 12.—Returning from the Chamber of Deputies, Raymond Clemenceau delivered one of the most remarkable speeches ever heard in the chamber of deputies. The speech dealt with Alsace and Lorraine and the premier was greeted with enthusiasm.

The chamber was quickly discussing the question of joining privileges in Alsace-Lorraine when the speaker made his appearance. There was a hush of silence from all sides of the house as the "old tiger" assumed the tribune and began his address in a low tone.

"For me in this life, which at times has seemed interminably long," said M. Clemenceau, "it has been permitted that I should take over the stage of crime which has been committed between Bordeaux and Strasbourg."

"I am speechless. Since alone could cope with such a situation. Many times have I felt life not worth living, but since young girls from Alsace-Lorraine in the embrace of their joy kissed me, saying, 'savior,' my journey of life is finished."

"Some day someone will tell about these heroic sacrifices which have lasted half a century. We must go to the homes of the Alsaciens and Lorrains."

Leaving the chamber, M. Clemenceau hurried to the office in the ministry of war in 88 Boulevard des Capucines, waiting spiritedly until the count of Bourlons placed and secured the 34 steps leading to his office with youthful agility. When seen by the correspondent immediately on his arrival the premier showed not the slightest sign of exertion as a result of his quick trip from the chamber to his desk.

CAPTIVES REVEAL RECENT HUN INTRIGUE

PARIS, Dec. 12.—(Havas).—When it was evident that the end of the war was near, Germany made a systematic canvass of French prisoners of war in an effort to find men who would lead the cause of "New Germany" in France, according to statements made by soldiers who have returned from enemy prison camps.

This work was begun late in October, but efforts of the Germans were redoubled early in November, it is said. The French prisoners were told that the German authorities wished nothing more than to live on friendly terms with their French comrades.

German agents said they wanted to get in touch with French deputies to announce the complete triumph of socialist ideas in Germany and to convince them of the necessity of clearing up difficulties between the two countries, the prisoners say.

One German social-democratic leader, asked a subordinate French officer to impress upon his comrades the importance of making the proletariat of Germany and France, and impressing the French government with the fact that the only way to peace is to make peace on terms.

Later another French officer is reported to have been told by a German agent, Dr. Edgar, one of the German secretaries of state, who received him cordially and urged that Germany must be fed, and that there was a necessity of mitigating the terms of the armistice, especially as to the clause calling for the delivery of railway material.

CHARGE BRIDGE FIRM
WITH UNFAIR METHODS

WASHINGTON, Dec. 12.—Charges of unfair competition are made against the National Bridge company, of Indiana, in a complaint filed today by the federal trade commission. It is alleged that the company by selling claims against builders and contractors has obtained consent of defendants to the entering of court decrees favorable to the company in 23 suits for alleged infringement of patents. It is further alleged that these "consent" decrees were used as a basis of advertisements in which it was intimated that the decrees were entered after full trial on merits, with the intent of coercing other contractors and builders into paying large sums of money as royalties.
